TEEN SUICIDE PREVENTION AND AWARENESS

NOVEMBER 2-14, 2026

Cassidy Joined for Hope is a local nonprofit dedicated to preventing teen suicide. Founded by the Hess family after losing their 16-year-old daughter, Cassidy, in 2015, the foundation works to break the silence surrounding mental health by supporting school clubs, providing resources, and fostering connection and hope among students, letting them know that they are never alone and that there is always support available.
